Like our previous conferences, we will continue to promote technopreneurship business discourses. Workshop activities include technopreneurship coaching session, sharing session and psychometric analysis in hope of to cater for the technical business community. We shall provide well known coaches and facilitator during the technopreneurship sessions. Some of the renown speakers will be players of the industry as well as academicians, which places a lot of emphasis on technopreneurship and technical businesses. We invite participations in the technopreneurship workshops, hoping that engineers and entrepreneurs will enjoy the synergy.
