BACHELOR OF MARITIME OPERATIONS (HONS)
OVERVIEW

The Bachelor of Maritime Operations (Hons) programme would allow Universiti Kuala Lumpur Kampus Cavangan Malaysian Institute of Marine Engineering Technology (UniKL-MIMET) as a specialist institute for the maritime sector to achieve the objective of producing graduates to venture into the non-engineering areas of the maritime industry. In this respect, courses offered in the Bachelor of Maritime Operations (Hons) programme are grouped into five sub-areas namely Maritime and Transport Operations, Business Management, Freight Logistics, Maritime Law and Insurance as well as Marine Science and Technology. This will enable the various learning outcomes expected from the programme to be successfully achieved.

FLEXIBLE LEARNING

Offering flexibility to cater to your schedule, so that you can pursue additional knowledge without interfering with your work schedule.

UniKL offers the flexibility to cater to your work schedule and provide you with the opportunity to enhance your skills whilst not compromising your work time. This work-read learning schedule is the main reason many professionals choose to enter UniKL’s FlexLearn programmes. Selected Professional Certificates can be embedded into the programmes as well. Furthermore, prior academic qualifications and working experience may be taken into consideration for syllabus exemptions.

APEL

Accreditation of Prior Experiential Learning

APEL (Accreditation of Prior Experiential Learning) is a systematic process which involves the IDENTIFICATION, DOCUMENTATION, and ASSESSMENT of prior experience related to a study programme.

APEL is a systematic process that involves the identification, documentation and assessment of prior experiential learning, i.e. knowledge, skills and attitudes, to determine the extent to which an individual has achieved the desired learning outcomes, for access to a programme of study and/or award of credits.
