STAKEHOLDERS AND AFFILIATION

Universiti Kuala Lumpur is owned by MARA Corporation Sdn. Bhd. — an investment and commercial arm of Majlis Amanah Rakyat (MARA) and is also known as a Government Linked University (GLU)

ABOUT US

Universiti Kuala Lumpur (UniKL) is Malaysia's leading private entrepreneurial university in Higher Technical and Vocational Education and Training (HTVET). It was established on 20 August 2002 and is wholly-owned by MARA Corporation Sdn. Bhd., an agency under the Majlis Amanah Rakyat (MARA).

Rated as a Tier-5 "Excellent University" by the Ministry of Higher Education, Universiti Kuala Lumpur is the biggest 'Government Linked University' or GLU in the country in terms of enrolment with over 22,000 students.

At its establishment in 2002, UniKL's original name was Universiti Teknikal MARA or UniTEK-MARA in short. However, during a Cabinet paper presentation in 2003 on the establishment of UniTEK-MARA, then 4th Prime Minister, Tun Dr. Mahathir Mohamad suggested a name change to Universiti Kuala Lumpur or UniKL in short to promote Kuala Lumpur as a learning hub and to propel UniKL internationally.

Universiti Kuala Lumpur City Campus, which is also the house of Chancellery, is located in the heart of Malaysia's capital and commerce area, boasting the tallest university tower in the country – a 31 storey building situated at the heart of the Golden Triangle of Kuala Lumpur.

There are 13 institutes and 12 campuses strategically located nationwide offering more than 140 programmes starting from foundation, diploma, undergraduate and postgraduate studies.

The university's concept of 'One Institute, One Specialisation' is an ideal model formulated in creating graduates who are globally competent in meeting occupational demands in various sectors of the workforce.

His Majesty the Yang di-Pertuan Agong (King of Malaysia) Al-Sultan Abdullah Ri'ayatuddin Al-Mustafa Billah Shah Ibni Almarhum Sultan Haji Ahmad Shah Al-Musta'in Billah is also the Chancellor of Universiti Kuala Lumpur.

The President and Chief Executive Officer is Datuk Dr. Roziah Omar.

As the nation's premier institute in HTVET, Universiti Kuala Lumpur has attained accreditation from several professional organisations including the Malaysian Qualification Agency (MQA).

Universiti Kuala Lumpur provides new academic and technical programmes in collaboration with renowned international universities and research institutes from Spain, France, Britain, Germany, Italy and other developed countries.

A recognised and trusted university, Universiti Kuala Lumpur offers hands-on-training and actual industrial works that are embedded in all of UniKL courses including non-engineering technology programmes such as business studies, technology management, medicine, health care and pharmacy.

Being the HTVET university in Malaysia, we are proud to announce that since 2005 Universiti Kuala Lumpur has produced over 80,000 graduates (both local and international) in various divisions of studies.

In 2018 Universiti Kuala Lumpur stood tall as one of the top universities in Asia, ranked 351 out of 7,700 accredited universities in the region. This speaks volume of its rapid development as an educational hub globally, fulfilling the university's motto of 'Where Knowledge is Applied and Dreams Realised.'

Universiti Kuala Lumpur also stamped its mark in the world of brands and branding. It was awarded the Putra Award in Education and Higher Learning in 2016 and 2018 respectively and the BrandLaureate Best Brands Award in Higher Education for three consecutive years (2016-2018).

The Putra Brand Awards is the premier brand awards in Malaysia that recognise an integral business plan and preference by consumers.

CORPORATE STATEMENT

THE VISION

“To be the leading entrepreneurial technical university”.

Sections, staff, and students thrive at UniKL because of its best combination of quality and scope, standards as well as its open, collaborative and innovative culture.

The benefits provided by the conducive urban and suburban campuses and programmes span throughout the nation and beyond adds to its distinctiveness among other higher education providers.

THE MISSION

“To produce enterprising global technopreneurs”

UniKL shapes its graduates with strong technical knowledge, astute technical and entrepreneurial skills as well as leadership qualities to create towering personalities.

It is to generate graduates who are able to fulfill the demands of the industry and job markets as well as to equip them to face the challenges of the 21st century.

Today, graduates of UniKL have successfully established their careers or become entrepreneurs in the local and international market.

INSTITUTES & PROGRAMMES

CORPORATE PROFILE

UNIVERSITI KUALA LUMPUR MALAYSIAN INSTITUTE OF INFORMATION TECHNOLOGY (UniKL MIIT)

During the emergence of information technology in 1980's. Universiti Kuala Lumpur Malaysian Institute of Information Technology (UniKL MIIT) was already at the forefront in providing IT education in Malaysia. Its humble beginning started as an institute providing training for students in computer programming.

Strategically located in the 31-storey city campus in the heart of Kuala Lumpur which is also the Chancellery, UniKL MIIT attracts not only the attention of local undergraduates but also international students. Graduates from UniKL MIIT are highly demanded by industries due to its unique curriculum design which caters to the need of the industry such as Creative Multimedia, Animation, Information Systems, Cyber Security, Software Engineering, Computer Engineering and Computer Network.

UNIVERSITI KUALA LUMPUR **ROYAL COLLEGE OF MEDICINE PERAK (UniKL RCMP)**

Universiti Kuala Lumpur Royal College of Medicine Perak became part of UniKL in 2008 as its medical faculty with an objective to provide affordable medical education, as well as to provide facilities for continuing professional development for medical practitioners.

UniKL RCMP is strategically located in Ipoh, the capital city of Perak, and the third largest city in Malaysia. Situated on a six-acre site, UniKL RCMP's distinctive architecture building is within the vibrant and well planned township of Greentown where shopping malls, restaurants, food courts, clinics, banks and tourist attractions are all within easy reach.

The college is equipped with lecture theatres, multipurpose halls, clinical skills laboratory, pathology museum, library, computer laboratories, science laboratories, prayer rooms, mini kiosk and a dedicated anatomy building.

Our programmes are designed to provide holistic education with the primary objective of transforming aspirants to successful healthcare professionals and scientist with altruistic and compassionate leadership qualities.

Through our uniquely designed integrated curriculum enhanced by the underlying principles of social, physical, intellectual, career, emotional and spiritual (SPICES) elements are necessary for successful life.

UNIVERSITI KUALA LUMPUR MALAYSIAN SPANISH INSTITUTE (UniKL MSI)

Universiti Kuala Lumpur Malaysian Spanish Institute was established in 2002 following high-level discussions between the Malaysian and Spanish government. This collaboration was inked as a result of growing demand in the mechanical, manufacturing and mechatronics industry and it encompasses the advanced technology in automotive engineering.

It started operation at the temporary campus at Techno Centre, Kulim Hi-Tech Park in the state of Kedah, located in the northern region of the Malaysian peninsula in August 2002. However, a new campus was built on a 39 acres' piece of land in the Kulim Hi-Tech Park area the following year which led to the campus shifting its base and operations to the new facility.

The campus is set in the lush green background of Kulim Hi-Tech and is well-equipped to enable students to reach their highest potential in learning.

Lecture halls, workshops (conventional & CNC machines), laboratory (hydraulic, pneumatic and etc), library, IT lab, hostels, cafeteria, Islamic centre, students centre, multipurpose hall, gymnasium, launderette, tennis, and netball courts are provided to make students campus life as comfortable, convenient and meaningful as it can be.

- Diploma of Engineering Technology in Automated Regulation and Control
- Diploma of Engineering Technology in Electromechanical Installation & Maintenance
- Diploma of Engineering Technology In Mechanical Design & Development
- Diploma of Engineering Technology in Production

▶ **FOUNDATION**

- Foundation in Engineering for Spanish Universities

UNIVERSITI KUALA LUMPUR BRITISH MALAYSIAN INSTITUTE (UniKL BMI)

Universiti Kuala Lumpur British Malaysian Institute (UniKL BMI) was set up as a result of a smart partnership between the Malaysian and the British government.

Majlis Amanah Rakyat (MARA), the owner of UniKL and representing the Malaysian government, was given the mandate to provide the infrastructure and human capital while the British government contributed by providing support and expertise through its key players in certain industries.

Our academic programmes integrates technology-driven curriculum, innovative learning approach and industry-based facilities, producing uniquely qualified graduates for future industrial digitalisation.

Located in Gombak, UniKL BMI is equipped to fulfil the demands of the future by providing entrepreneurial technopreneurs in electrical, medical engineering and telecommunication sectors.

- ▶ **PHD**
Doctor of Philosophy (Electrical and Electronic Engineering)
- ▶ **MASTER**
Master of Engineering Technology (Electrical and Electronics)
- ▶ **BACHELOR**
Bachelor of Engineering Technology (Hons) in Electronics
Bachelor of Engineering Technology (Hons) in Medical Electronics
Bachelor of Engineering Technology (Hons) in Electrical

- ▶ **DIPLOMA**
Diploma of Engineering Technology in Electrical and Electronics

UNIVERSITI KUALA LUMPUR MALAYSIAN INSTITUTE OF AVIATION TECHNOLOGY (UniKL MIAT)

Established in 1997, Universiti Kuala Lumpur Malaysian Institute of Aviation Technology is the nation's premier aviation training institution via a collaborative effort between Majlis Amanah Rakyat (MARA) and Northrop-Rice, a technology provider from the United States and was initially known as MARA-Northrop Rice Institute.

UniKL MIAT became the first Maintenance Training Organisation (MTO) to be recognised by the Department of Civil Aviation and later by Frost and Sullivan as the Asia Pacific Aviation Workforce Development 2008.

We are an award winner of Aviation Human Resource Development for Asia Pacific by a reputable global consulting firm, Frost and Sullivan.

With world-class infrastructures, state-of-the-art facilities including workshops and hangars, multi-skilled teaching personnel and a comprehensive training institute complying with international technical standard and industry requirement, UniKL MIAT graduates are well prepared to meet the demand of current and future aircraft maintenance technology.

UNIVERSITI KUALA LUMPUR MALAYSIAN INSTITUTE OF MARINE ENGINEERING TECHNOLOGY (UniKL MIMET)

Universiti Kuala Lumpur Malaysian Institute of Marine Engineering Technology (UniKL MIMET) was established in 2004. It was initially known as Institut Kemahiran Tinggi MARA (IKTM) and approved in the Seventh Malaysia Plan (1996-2000) and later registered as Malaysian Institute of Marine Engineering Technology (MIMET).

On 20th August 2002, MIMET became an Institute of Universiti Kuala Lumpur and named UniKL Malaysian Institute of Marine Engineering Technology (UniKL MIMET), offering a number of industry specific courses. These programmes are aimed at producing highly competent personnel for the marine and maritime industry. The programmes are also recognised and accredited by international professional bodies and regulatory bodies such as IMar EST, RINA, CILT and Malaysian Marine Department.

UniKL MIMET is committed towards providing a conducive learning environment which encourages the development of technical competence, creativity and skills among students.

Graduates of UniKL MIMET will have the opportunity to expand their career in various fields such as Boatbuilding, Shipbuilding, Welding and Fabrication (ferrous/non-ferrous), Ship/Project Planning, Naval Architecture, Technical Design/Draught Person, CAM Programming, Ship Maintenance, Hydraulic and Pneumatics, CNC Machining, Steel & Aluminium Fabrication, Woodworking, Fibreglass and others.

▶ **MASTER**

Master of Maritime Operations and Management

▶ **BACHELOR**

UNIVERSITI KUALA LUMPUR INSTITUTE OF CHEMICAL & BIOENGINEERING TECHNOLOGY (UniKL MICET)

Universiti Kuala Lumpur Malaysian Institute of Chemical & Bioengineering Technology (UniKL MICET) is a higher educational institution that specialises in chemical based engineering technology education.

It is the largest chemical engineering technology-based education institute in the country and is located in Taboh Naning, Vendor City, Alor Gajah, in the Historical City of Melaka, approximately 35km away from the city centre.

UniKL MICET is set up with complete and up-to-date equipment in the field of Chemical Engineering Technology. It has 43 labs among them are Chemical Technology Lab, Preparation Lab, Polymer Test and Assessment Lab, Latex Processing Lab, Food Analysis and Processing Lab, Computer Lab, Pilot Plant and Water Treatment Lab with hands on learning.

▶ **PHD**

Doctor of Philosophy (Chemical Engineering)

▶ **MASTER**

Master of Engineering Technology (Chemical Engineering)

▶ **BACHELOR**

Bachelor of Chemical Engineering Technology (Hons) in Bioprocess
Bachelor of Chemical Engineering Technology (Hons) in Environment

Diploma in Chemical Engineering Technology (Bioprocess)
Diploma in Chemical Engineering Technology (Environment)
Diploma in Chemical Engineering Technology (Food)
Diploma in Chemical Engineering Technology (Polymer)
Diploma in Chemical Engineering Technology (Process)

UNIVERSITI KUALA LUMPUR MALAYSIA ITALY DESIGN INSTITUTE (UniKL MIDI)

Universiti Kuala Lumpur Malaysia Italy Design Institute aims to generate graduates who are able to contribute an important role in the design and manufacturing fields for industries specialising in consumer products.

The graduates are exposed to hands-on-mode of training that will enable them to acquire good understanding of the aesthetic, analytic and manufacturing skills to effectively develop innovative designs and products of high commercial value that fulfil the users needs for environmental friendly gadgets.

Equipped with advanced manufacturing machines and up-to-date design and manufacturing software. UniKL MIDI develops students to seamlessly adapt to the industrial environment.

The programmes are designed to enables graduates to become future talent force and entrepreneurs to fulfil the requirement for Malaysia to be a developed nation.

MALAYSIA ITALY DESIGN INSTITUTE

ALLERY

A woman with long dark hair, wearing a blue button-down shirt and safety glasses, is leaning over a workbench. She is holding a blue pen and looking at a large sheet of technical drawings or blueprints. The workbench is cluttered with various tools and equipment, including a yellow-handled tool, a metal vise, and other mechanical parts. The lighting is dramatic, with strong highlights and deep shadows, creating a professional and focused atmosphere.

UNIVERSITI KUALA LUMPUR MALAYSIAN INSTITUTE OF INDUSTRIAL TECHNOLOGY (UniKL MITEC)

Universiti Kuala Lumpur Malaysian Institute of Industrial Technology (UniKL MITEC), formerly known as UniKL Pasir Gudang, specialises in Industrial Logistics and Quality Engineering which aims to fulfil the human capital needs of the Iskandar Development Region.

Located in the centre of an industrial area and near to Johor Bahru City Centre and Singapore checkpoint access, the campus offers diversity of urban and fascinating environment which enhances students lifestyle and activities.

The university aims to provide graduates with the knowledge, skills and attitude required to contribute towards and play major roles in a globalised and knowledge-based economy. Our research activity is focused on developing new technologies and products to support our techno-entrepreneurship ventures with our researchers, graduates and industrial partners.

The university partners with local and international universities and institutions for research. The integrated educational curriculum is comprised of four major components namely technical, social, learning and entrepreneurship. The laboratories and workshops are well equipped with state-of-the-art equipment to support the teaching and learning process.

Almost all faculty members have vast industrial experience, with professional and academic qualifications required to help and guide the students in their academic development.

▶ **MASTER**

Master of Quality Engineering and Management

▶ **BACHELOR**

Bachelor of Engineering Technology (Hons) in Quality Engineering
Bachelor of Engineering Technology (Hons) Instrumentation and Control Engineering
Bachelor of Engineering Technology (Hons) Facilities Maintenance Engineering
Bachelor of Industrial Logistics (Hons)

▶ **DIPLOMA**

Diploma of Engineering Technology in Quality Engineering

UNIVERSITI KUALA LUMPUR BUSINESS SCHOOL (UniKL BUSINESS SCHOOL)

Universiti Kuala Lumpur Business School was established in 2008 to pursue the university's vision to be the premier entrepreneurial technical university.

It's core mission is to train and mould managers and leaders who are capable of pursuing entrepreneurial ventures across industries, within a global context. It complements the other institutes and colleges which provide technical fields of study through its offerings of business, finance, accounting, marketing and entrepreneurship degrees. The institute is located at UniKL City Campus and its satellite building is at Bangunan Yayasan Selangor.

Currently, UniKL Business School offers undergraduates and postgraduates programmes. At postgraduate level, UniKL provides PHD programmes in Management, Master of Management (by research), Master of Business Administration (with specialisation) and Master of Business Administration (Entrepreneurship).

At undergraduate level, it offers Bachelor of Accounting (Hons); Bachelor of Business Administration (Hons) in Management and Entrepreneurship; Bachelor of Business Administration (Hons) in Islamic Finance and Bachelor of Business Administration (Hons) in Marketing and Retail Management.

UNIVERSITI KUALA LUMPUR MALAYSIA FRANCE INSTITUTE (UniKL MFI)

Universiti Kuala Lumpur Malaysia France Institute is an advanced technical training centre in the field of engineering technology specialising in French state-of-the-art technology in creativity and innovation.

We are committed towards providing education based on industrial technology in automation, mechanical, manufacturing and maintenance.

The UniKL MFI campus is strategically located in Bandar Baru Bangi, a fast developing industrial-academia style town about 32km from Kuala Lumpur city centre and a 40-minute drive from the Kuala Lumpur International Airport (KLIA).

The campus is fully equipped with industrial related equipment that will enhance students learning experience of industrial job-related work in automation (Robotic, Electrical, Mechatronics and Electromechanical), and Mechanical (Heating and Air-Conditioning Ventilation, Automotive, Machine Manufacturing, Welding, Metal Fabrication and Mechanical Engineering).

This collaboration was incorporated in February 1995 as a co-operation project between the Malaysian and the French government. The French partners are represented by JF Bocard and the Association de Formation Professionnelle de l'Industrie Rhodanienne (AFPI) and Malaysia is represented by Majlis Amanah Rakyat (MARA). Courses offered are at diploma to degree levels. Short courses and customised courses are also available.

▶ **PhD**

Doctor of Philosophy (Industrial Automation)
Doctor of Philosophy (Mechanical)

▶ **Master**

Master of Engineering Technology (Industrial Automation)
Master of Engineering Technology (Mechanical)
Master of Science (Water and Hydropower Engineering)

▶ **Bachelor**

Bachelor of Engineering Technology (Hons) in
Air Conditioning and Industrial Refrigeration

Bachelor of Engineering Technology (Hons) in
Industrial Automation and Robotics

Bachelor of Engineering Technology (Hons) in Mechatronics

Bachelor of Engineering Technology (Hons) in Automotive Maintenance

Bachelor of Engineering Technology (Hons) in
Machine Tools Manufacturing

Bachelor of Engineering Technology (Hons) in
Welding and Quality Inspection

Bachelor of Engineering Technology (Hons) in Electromechanical System

Bachelor of Mechanical Engineering with Honours

▶ **Diploma**

Diploma of Engineering Technology in Air Conditioning and Refrigeration

Diploma of Engineering Technology in Automotive Maintenance

Diploma of Engineering Technology in Welding

▶ **Foundation**

Foundation in Political Science and Business Management for French Universities

UNIVERSITI KUALA LUMPUR INSTITUTE OF POSTGRADUATE STUDIES (IPS)

Institute of Postgraduate Studies (IPS) was established in 2005. It was previously known as Institute of Research and Postgraduate Studies (IRPS) and Centre for Research and Postgraduate Studies (CRPS).

The functions of IPS are to manage all aspects of postgraduate studies in Universiti Kuala Lumpur, and in liaison with institutes, the admission division, monitoring and also evaluation of thesis and examinations. IPS will be responsible in coordinating, organising and ensuring uniformity in the implementation of various postgraduate courses and programmes.

In addition, IPS is also involved in obtaining accreditation (in liaison with CQA) of the postgraduate programmes and the marketing activities involved to promote the programmes.

▶ PHD

Doctor of Philosophy (Manufacturing)
Doctor of Philosophy (Industrial Automation)
Doctor of Philosophy (Mechanical)
Doctor of Philosophy in Engineering Technology (Electric/Electronic)
Doctor of Philosophy (Information Technology)
Doctor of Philosophy (Management)
Doctor of Philosophy (Chemical Engineering)
Doctor of Philosophy (Aerospace)
Doctor of Philosophy (Medical Sciences)
Doctor of Philosophy (Pharmacy)
Doctor of Public Health

▶ MASTER

Master of Science (Water and Hydropower Engineering / Hydraulic Engineering and River Basin Development)
Master of Engineering Technology (Green and Energy Efficient Buildings)
Master of Engineering Technology (Chemical Engineering)
Master of Medical Science
Master of Pharmacy
Master of Public Health
Master of Science in Public Health
Master of Business Administration
Master of Business Administration (Entrepreneurship)
Master of Management
Master in Manufacturing Management
Master of Quality Engineering and Management
Master of Engineering Technology (Manufacturing)
Master of Engineering Technology (Industrial Automation)
Master of Engineering Technology (Mechanical)
Master of Engineering Technology (Aerospace)
Master of Engineering Technology (Electrical and Electronics)
Master of Information Technology
Master in Computer Science

RESEARCH THEME AND CLUSTER

DIGITAL TECHNOLOGY

Digital technologies have become increasingly integrated into our everyday lives with the coming of the 4th industrial revolution, it brings set of challenges to be discovered and solve. Our research addresses all different form and aspect of the technology from advance communication, Internet of Thing and many others.

SUSTAINABLE ENGINEERING TECHNOLOGY

Sustainable Engineering Technology look into every aspect of sustainability. The diverse but interrelated research groups cover process design, innovative manufacturing, life cycle sustainability assessment and optimisation, clean and clean-up technologies and sustainable use of resources such as water, energy and biomass.

CONSUMER, HEALTH AND WELLNESS

Our research group and activities are multidisciplinary. This approach is built on our strength in technology, life sciences, chemistry and social sciences to work together to discover, refine and apply new interventions to improve health and wellbeing.

ADVANCE MATERIAL, MANUFACTURING & ROBOTIC

In advance Material our research group work to explore between the processing of materials and their properties to be used across a range of applications. Whereas in Manufacturing and Robotic we work into new manufacturing techniques includes work on additive manufacturing, fabrication of functional surfaces, machine automation and robotic.

LOGISTIC, TRANSPORTATION, AEROSPACE & AVIONICS

The research undertaken by the university covers all modes and technology related to the industry. We strive to provide technological solution, police and management issue which contribute the nation.

BUSINESS MANAGEMENT & HTVET

Islamic Finance & Entrepreneurship

SOCIETY & POLICY

Center of Rural Economic Development

CURRICULUM COMPONENT

LEARNING

Undertake research,
Self-Study

TECHNICAL

Technology,
Mathematics,
Science,
Practical

SOCIAL

Communication,

CORPORATE PROFILE

PREPARATORY PROGRAMME

PRE FRANCE

- Conducted at UniKL MFI
- 18 months in duration : French Language, Mathematics, Science and Technology.
- Students proceed to IUT Nice, Aix-Provence, Toulouse or Toulon, and upon completing their DUT (2 yrs), they proceed to Ecoles or Universities for their Dipl.Ing (3yrs), or License (Degree – 1 yr).

PRE RUSSIA

- Conducted at UniKL MIAT
- 12 months in duration : Russian Language, Mathematics, Science and Technology.
- Students proceed to Moscow Aviation Institute (MAI) or State Marine Technical University, St Petersburg (SMTU) to do their Degree followed by Masters.

PRE SPAIN

- Conducted at UniKL MSI
- 20 months in duration : Spanish Language, A-Level Mathematics, Physics & Chemistry and Technology.
- Collaborative Agreement with University Polytechnic Catalunya, Barcelona and University Polytechnic Madrid.

PRE KOREA

- Conducted at UniKL MIIT
- 18 months in duration : Korean Language, Mathematics, Physics & Chemistry and Technology.
- Collaborative Agreement with SungKyunKwan University, Ewha Woman's University & Hanyang University

PREPARATORY PROGRAMME

**Foundation in Science (FSc)
(Kolej MARA Kuala Nerang)**

**Transfer Credit Pathway
1st Year (Transfer Programme)**

Chemical, Electrical &
Electronics Mechanical

**Transfer Credit Pathway
2nd – 4th Year**

FSc – Australia/NZ (Physic)
FSc – UK (Physic)
FSc – RCMP (Biology)
FSc – VMU (Biology)

1 year and 2 months programme combining academic and technical training

Entry Requirements; O-level or equivalent with at least Grade C in 5 subjects & fulfill UniKL's minimum English requirements

Tuition Fees : RM9,000.00

Foundation Programme

- Pre France
- Pre Korea
- Pre Spain / Spain Pre-U
- Pre Russia / Russia Pre-U
