BACHELOR OF INDUSTRIAL LOGISTICS (Hons)

OVERVIEW

Bachelor of Industrial Logistics (Hons) program offered in UniKL Malaysian Institute of Industrial Technology (UniKL MITEC), focuses on the students' skill from logistics and transport services perspective. Bachelor of Industrial Logistics (Hons) program is designed and developed to meet the market needs and to produce a hands-on graduates. The contents of this program are mainly tailored to not only social science students but also to science stream students who don't have any basic and passion in logistics and transportation. This program is accredited by Malaysian Qualifications Agency (MQA) and The Chartered Institute of Logistics and Transport in Malaysia (CILT). This professional recognition (CILT) provides an opportunity to the students to work in logistics sector in any Commonwealth country.

Graduates from Bachelor in Industrial Logistics (Hons) will have good opportunity to join local, multinational and even international logistics company. The graduates is expected to be employed in various transportation and logistics industries in the function of distributions, procurement/purchasing, traffic/shipping, transportation/ movement, inventory management, packaging and warehousing at various industries such as Shipping, Pipeline, Road and Rail Transport, Aviation, Supply Chain, Warehousing, Manufacturing and Procurement.
